RE: Getty Mineral Resources Co.  
Mercur Canyon Project  
ACT/045/013  
Tooele County, Utah

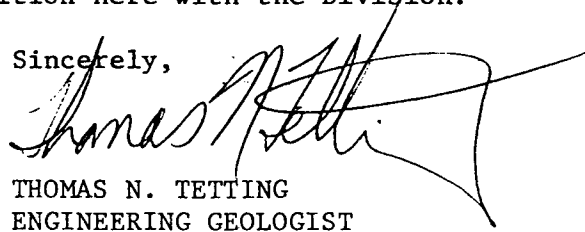

Dear Bob:

I've made copies of the information I felt pertained to your field. I hope it is new material. I've had to disseminate other copies to various offices so I could not send the entire plan as talked about Friday, March 20.

Our main concerns are with both the settling pond containment and the tailings pond dam. In accordance with Title 40-8, UCA, 1953, General Rules and Regulations, could you tell us from the data supplied whether or not Getty Mineral Resources has met their obligations? I am assuming they will or have applied for necessary permits. If there is not sufficient information, would you send me a copy of the deficiencies when you pass them along to Getty.

Please try and return the maps to me as soon as possible and thanks for helping me out as I ease into my new position here with the Division.

Sincerely,

  
THOMAS N. TETTING  
ENGINEERING GEOLOGIST
